- ✓ Specially oxidized to prevent rust and corrosion

50 Year Home Security Guarantee

In recognition of the superior locking performance of the Bristol "Quattro-IV" Security Systems, Winchester offers an additional Home Security fifty year guarantee. In the event of a proven forced entry through a properly installed "Quattro IV Security System", Winchester will reimburse, one-time, the owner of Q-IV security products, that amount equal to the owner's residential insurance deductible, up to \$500.

Winchester Industries, manufacturer of the Bristol "Quattro IV Security System" issues this additional guarantee of limited non-transferable reimbursement to:

Purchaser (Name): _____ Purchase Date: _____

Purchaser (Address): _____

Purchased from (Retail Distributor, City & State): _____

Original Order Number (attached): _____

The Winchester products listed below carry this guarantee, as well as Winchester's regular fifty year warranty covering parts, glass, etc.: 1. Double Hung with Triple Glass and exclusive Quattro IV Security System; 2. Casement windows with Triple Glass and Dual Cam Action Security System; 3. Sliding N. Side units with triple glass and four point locking system; 4. Patio Doors with Q-IV security lock system.

Winchester Windows and Doors that include a "Quattro IV Security System", are designed to deter residential forced entry/burglaries through properly locked windows and doors by increasing the difficulty level of entry. The Q-IV systems, as any other system on the market, cannot ever make a residence 100% forced entry/burglar proof. Proper use of a Q-IV Security System should discourage completions of forced entry/burglaries. This guarantee will automatically transfer ownership if an original warranty is transferred.

To qualify for reimbursement, the owner must send to Winchester Industries, P.O. Box 161, Salisbury, PA 17081, items Q-IV, the following: 1. Written request for reimbursement that includes name, address, and phone number; 2. This original Quattro IV Security System Guarantee (completed in full); 3. Copy of police report to verify forced entry/burglary through a properly locked Bristol Q-IV system; (photographs may be required); 4. Copy of declaration from their insurance company that states accepted coverage of claim by insurance company for the claimed loss.
